My dear Mr. Forckenius

I believe - in reference
to the enclosed draft - that
it would perhaps be
advisable to name the
Amount recently subscribed
to the Absentees - stating
also the proposal of Mr.
Lehmann and adding
that - considering the
probability that in a very
short delay - the M. S. F.

might attain a sufficient
Capital to ensure its stability
and usefulness for ever -
the unanimous and
heartly cooperation of every
member of the Committee
would be of the greatest
importance.

I cannot help thinking
that anything like a
threat (I mean the allusion
to Rule 4 of the Deed of
Trust) would be better omitted
- at least for the present

I suppose - the regular
notice for the Committee
meeting on the 22^d has
been sent to all the
members - Asking your
kind forgiveness in delaying
my answer for a few days
I am always

Yours very truly
