LOWER SYDENHAM, S. E.

Dear Canon H. Mand,

There is no objection
at all to your printing the
letter - a most important
one for you. - There are
one or two very characteristic
things in it. - Percy's smile
amongst others. But I
cannot consider it as a
good letter for A.P.S.

There is a stiffness &
literary character about
some of it which ~~rather~~ suit

a report rather than a private
letter.

LOWER SYDENHAM S.E. 2

I rather ~~me~~ ^{me} ~~that~~

amusing me - "I should
also perhaps add" "the
episcopal presents" &c &c.

This is perhaps hyper -
but I feel it more or less
threat. However
it's a capital letter for
your purpose - and I
gladly consent to your
printing it - You can't
accomplish it by one
from her describing her
impressions? That would

merhat)
be too interesting - but
perhaps she had not
begun write letters at
that early date.

Yours very truly

J. F. Jones

[G. Grove]

I return the letter
enclosed.
