so substantial,)
as the fact of
your being so
kindly thought
of me, while
at Dieppe is
already a
pleasant
experience, and

little mother to
me of what
shape - colour
or value a
gift possesses
when the giver
feels friendship
towards me -
and that you
give me that
little cross -
shows me that

you thought me
capable of appre-
ciating a gift of
that kind - and
for this idea I
feel grateful to you.
May we all learn
to bear our crosses
in humility - looking
upward for help
when it should
become too heavy!! -
and help is sure to
come!!

Dear Mr. & Mrs. C.
yours sincerely
Jenny Schuchman.
