Dear Mr. Hall.

I was so glad to
hear from you - I
owe you word an answer
on two letters - but -
alas! the first it was
beyond my power to
attend to. —

I am entirely
of your opinion about
our noble, highminded
deported friend,
Sci Booth. It was im-
possible that his
soul could ^{in this world} ~~thus~~ get
healed after such
ingratitude and insult.
I am to work out
mine over myself and
a whole life to
none.

but the highest duties
and responsibilities - and
even almost dishonor
certainly disgrace! -

I am thankful to have
seen him / at your
dinner party / well, robust
and cheery as I never
saw him before -
little thinking that it
was the last time I beheld
his good-looking face!
Peace over his ashes -

I read a wonderful
book - Diamond's
"Natural Law in the
Spiritual World".

I dare say you have

head of it. I am
anxious to hear
friend's opinion about
it; it certainly shakes
one's soul. —

I was scarcely able
to be up and about
when the sad truth
had to be told me, that
my good Redgie has
that fatal disease^{disease} —
and was operated on
last Tuesday at my

I must write this because of the heart.

was thoroughly unexpected.
I had heard nothing of her
an enemy, that plucked

Very sorry to hear that you
need Faith - May I do
you good - & sincerely hope
what are you going to
do this summer?

I can try better help our

honeymoons here in
our loneliness, grateful
that there is no end to the
honey and honey come!

God bless you
